If you have a QUESTION please contact City Hall.

936-344-6621

Attention: City of New Waverly Residents:

There is a new City provider for solid waste collection starting October 1, 2022. Due to rising costs, the New Waverly City Council recently reviewed options for the city's solid waste collection service. Based on a substantial increase with the old provider, Council decided to contract with Piney Woods Sanitation. Piney Woods Sanitation is a privately owned Solid waste company based out of Huntington, Texas for the last 25 years. They have offices in Crockett, Huntington, Livingston, Orange, Silsbee, and Tyler.

The new provider will be issuing out new containers and carts to residents and businesses in the next two weeks. Piney Woods Sanitation will be changing the collection day to **Tuesdays** effective October 4, 2022, all residential and business carts will be collected on **Tuesdays**. Please remember to hold off using your new trash cart until Tuesday October 4, 2022. The current company will not dump the new carts. Please leave your old cart by the road as they will collect these carts on September 28, 2022.

Please do not use competitor's cart. If you need a second cart, please call the city of New Waverly at 936-344-6621.

We cannot haul the following waste:

| | |
|-----------------|---------------|
| Batteries | Oil |
| Flammable waste | Liquid wastes |
| Wet paint | Tires |

Please have your cart out for collection by 6:00 am on **Tuesdays**. If you have any problems with your service, please call 936-876-5640.

Thank you for your Business!

1-936-876-5640.
